

Year 4 Term 1 – Take Home Challenges... What will you choose?

Monster Hunters: Fact or Fiction?

As Authors...

Create your very own rap or song about a monster living in the mill pond.

As Speakers/Performers...

Team up with a friend to create a short drama piece. Imagine you are a monster hunter. Capture the moment you discover the monster.

As Readers...

Discover the secrets of Norse mythology: <https://www.storynory.com/category/myths/norse/> Share these stories with a friend, sibling or adult.

As Scientists...

You can create your very own 'mini-garden' (in a plant pot). You could use real plants or create a mini garden using craft materials.

Imagine that scientists have discovered a new species of frog in the Bewbush Mill Pond. Create a profile for this very unusual creature.

Can you find a mini eco-system in your own garden? Take a picture and share your findings with your classmates.

As Designers...

Produce a 'WANTED' poster for a mythical creature living in your home. Perhaps he or she is terrorising the neighbourhood. Include a description of the creature's appearance.

Make your very own pair of wings that you could use to fly to the sun like Icarus. Try to avoid making the same mistakes that he made!

As Historians/Geographers...

Imagine that you have been asked by local people to track the movements of the mystical creature living in the millpond. Create a map which shows its whereabouts.

Explore the local environment with an adult and take photos of your discoveries. Record any plants, habitats and creatures you encounter along the way.

As Mathematicians...

Create a questionnaire and gather data about the perfect night in from your family and/or friends. Consider the entertainment, the dinner, snacks and drinks. You could present the data in graph form.

Ask an adult or friend to write a number down. You have one minute to tell the person as many facts about that number as possible.

As Children...

Take a selfie of something you are very proud of. Perhaps you have helped an adult to cook a meal or managed to teach a younger brother or sister to tie their shoelaces. Perhaps you taught an adult how to play your favourite game.

Have a go at playing a sport which you have never played before. Perhaps you could take a photo or a video and share it with the class.

In Year 4 we challenge you to choose 3 Take Home Challenges to complete. When completed tick off your challenge and bring your completed challenge to school to be celebrated in our classroom.

As a guide we would like ALL children to try and complete 2 challenges each half term.
